# We Were Students of . . .

## Copeland -

Copeland High School was established in 1924 as a combination grammar and high school with eleven grades. For one year it operated with three high school grades, and then in the fall of 1925, it opened its doors as a four-year high school. The class of 1926 was its first graduating class. The year 1947 saw the graduation of her first twelve-year class. During its thirty-seven years as a high school, Copeland had only one principal, Arthur F. Graham. Around him was molded the school. At present Copeland is serving as a grammar school with grades 1-8.

## Dobson -

Dobson School was established in the 1870's as an elementary school, and during the 1880's there was a freeschool held for three months of each year. A boarding school with about 150 pupils was operated by John Allen in the early 1900's. The first high school graduating class was the class of 1912. The building housing the auditorium was built in 1927. In 1942 the high school building burned, and for a number of years, classes were held in the old county garage building. World War II held up construction of a new high school building, and the present structure was not completed until 1947. The third and final building, which includes a new cafeteria, was finished in 1955.

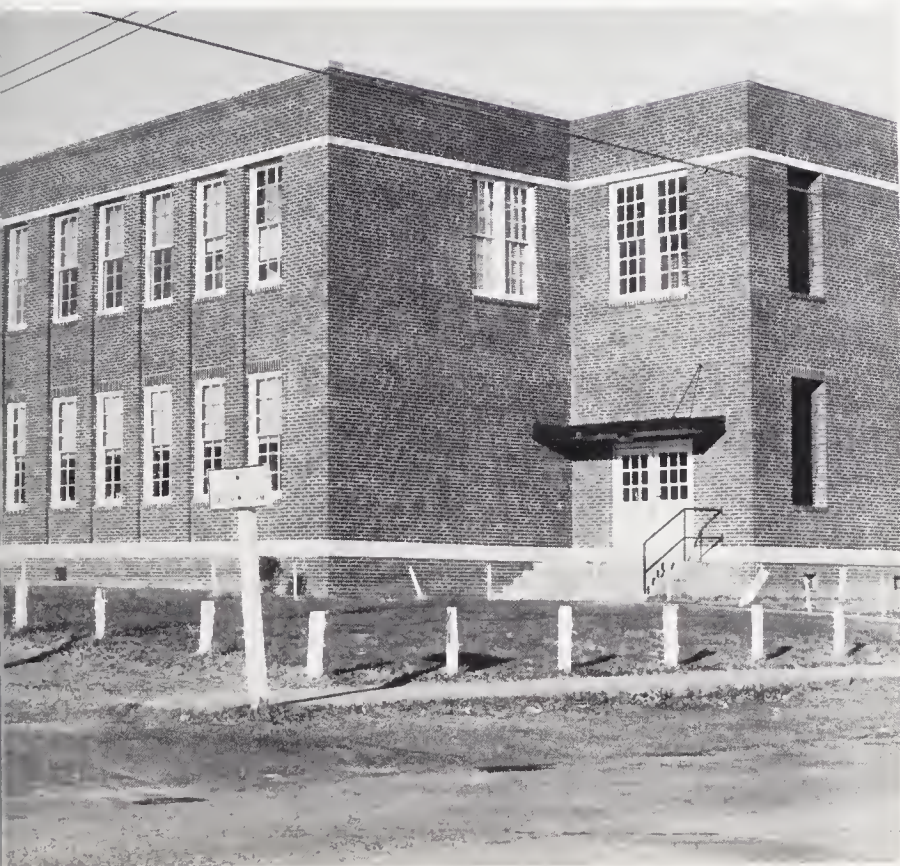

Mountain Park Institute was established as a private school in 1914 by C. W. Williams. The late Senator R. L. Haymore left the institution \$130,000, with which the present building and two dormitories were constructed. For one year it operated as a junior college, but a fire and financial difficulties forced the college to close its doors. The school became state property in the early twenties and was renamed Mountain Park High School.

# Surry Central

As its name implies, Surry Central High School is centrally located in Surry County, on a 48-acre site just south of Dobson, North Carolina, the county seat. Central offers to every one of its 595 students a well-balanced curriculum, consisting of 44 different courses. Each of the classrooms has modern facilities, which enable the teachers and students to do their best work in the fine tradition already established at Surry Central.

# High School

Our first year at Surry Central has swiftly flown by; but it has flown tirelessly, gaily, and proudly, like the Golden Eagle that has shared our growth and cheered our maturity. This year has given us a new sense of accomplishment, as we have made vast academic progress by utilizing Central's modern learning facilities. And we have also grown socially, as each new place in the halls became that of a familiar friend. For some of us, high school life has just ended; for others, it has just begun; but for all of us, life will forever hold gratifying memories of 1961-62 at Surry Central.

## Dedication

There if WE grow, the harvest is your own.  
Shakespeare

Growing up is not an easy or a simple process; on the contrary, it is a highly complex process which requires continuous encouragement, inspiration, and guidance.

And so to you...

Who have given so generously of yourselves in order to help us find ourselves,

Who have sympathized with us in our failures and rejoiced with us in our triumphs,

Who have been the often unnoticed directing force behind our every success,

Who have instilled in us, through your love and understanding, those qualities of Christian character, which are so necessary if we are to live abundant lives,

Who have so patiently aided us in our efforts to reach our goals,

We, the Yearbook Staff of 1962, respectfully dedicate this first edition of THE AQUILA to you--OUR PARENTS--as an expression of our love and gratitude.

# Appreciation

The dreams of the future are hidden in the stormy present. The ocean is filled high with difficulty, and we must rise with the occasion.

... Arthur L. Cook

The strength of a nation lies in the wisdom of her youth, and the wisdom of her youth lies in her educational system. Realizing this and that the time is, indeed, challenging and filled high with difficulty, our national and local leaders have labored assiduously to improve our educational opportunities.

And so...

To the members of the Surry County Board of Education, for their role in making this county attain her educational goals, to the members of our Local Board of Education, for their support and guidance in helping to make Surry Central's first year a successful one,

To the Superintendent of Surry County Schools, J. Sam Gentry, for his capable leadership in Surry County's educational ventures,

And, certainly, to our principal, Mr. Lanier, who has worked so devotedly to see that this school renders a greater service in helping the students of this area grow into fine young citizens,

We wish to express our appreciation. Be assured that, we have truly begun to "rise with the occasion."

## Foreword

For the Class of 1962, as well as for other Surry Central students, this year may be looked upon as both a beginning and an ending.

There were endings mingled with fond memories and a tinge of sadness but also with great expectations as Copeland, Dobson, and Mountain Park High Schools ceased to be. However, a new educational day was dawning as Surry Central High School opened her doors.

Some of us who faced the challenge of adjustment to life in a new school, now face the challenge of the future in our highly complex and ever-changing world; while others will again have the responsibility and the privilege of studying and learning at Surry Central.

It has been our purpose to present here, in this first AQUILA, the people, the activities, and the events that have made our first year at Surry Central a highly successful one.

It is our hope that this book will serve as a vivid reminder of the year, during which strong educational foundations were laid at Surry Central. May you remember: This was the beginning.

## Guidance

The world turns aside to let a man pass who knows where he is going.

...David Starr Jordan

A willingness to listen, an understanding nature, and a desire to help are qualities which characterize Mr. Bell, our guidance director, who has aided us immeasurably this year as we have tried to decide "where we are going."

# Junior and Senior Snapshots

THESE ARE THE JUNIOR AND SENIOR SNAPSHOTS OF THE YEAR. THEY WERE TAKEN BY THE JUNIOR CLASS AND ARE A REMINDER OF THE GOOD TIMES WE HAD TOGETHER. THE PHOTOS SHOW US AS WE ARE TODAY, BUT ALSO AS WE WERE IN THE PAST. IT IS A WONDERFUL WAY TO REMEMBER OUR FRIENDS AND THE MEMORIES WE HAVE MADE TOGETHER. WE HOPE YOU ENJOY THEM AS MUCH AS WE ENJOYED TAKING THEM.
